

Double Action Flea and Tick Shampoo

This premium shampoo by Zodiac features the best flea and tick technology by combining an adulticide with an Insect Growth Regulator for immediate relief and long-term protection.

Zodiac Double Action Flea & Tick Shampoo is an innovative concentrated insecticidal shampoo enriched with oatmeal, coconut extract, lanolin and aloe. It leaves your pet's coat soft, shining and manageable. It kills adult cat fleas, dog fleas, American dog ticks and brown dog ticks. Zodiac Double Action Flea & Tick Shampoo contains the Insect Growth Regulator (IGR), Precor, which effectively breaks the flea life cycle and prevents the growth of the preadult stages of the flea. One treatment kills adult fleas and ticks and keeps flea eggs from hatching for 4 weeks.

Under the skin...

Products that aid in flea and tick control come in many forms, including shampoos, spot-ons, sprays, wipes, dips, collars, foggers and dusts. Some act as repellents; some kill adult fleas and ticks; and some attack the immature fleas, preventing them from developing into adults that reproduce and continue the life cycle. Some products do all three. To select the best product, always read the label carefully, follow directions exactly, and never use products intended only for dogs on cats. If you have any questions please feel free to contact me.
